

JULY 25, 2024

Crews begin work to build the new Pleasant Street between 8th Street and 10th Street.

Crews have been adding decorative railing and landscaping along the new bridge over the White River.

The new River Road roundabout will be complete by September 2024.

UPDATED ROAD CLOSURE SCHEDULE

As part of our ongoing coordination with the Indiana Department of Transportation, we recently amended some of the planned dates for road closures as part of Reimagine Pleasant Street. To help maintain traffic flow, Pleasant Street between 8th Street and 12th Street will be closed in early August after the intersection of SR 32 and 8th Street is open to traffic. The 8th Street and 12th Street intersections with Pleasant Street will remain open. Tenth Street will also be closed from south of Pleasant Street to north of Walnut Street. **See attached map and learn more here: reimaginepleasantst.com/media**

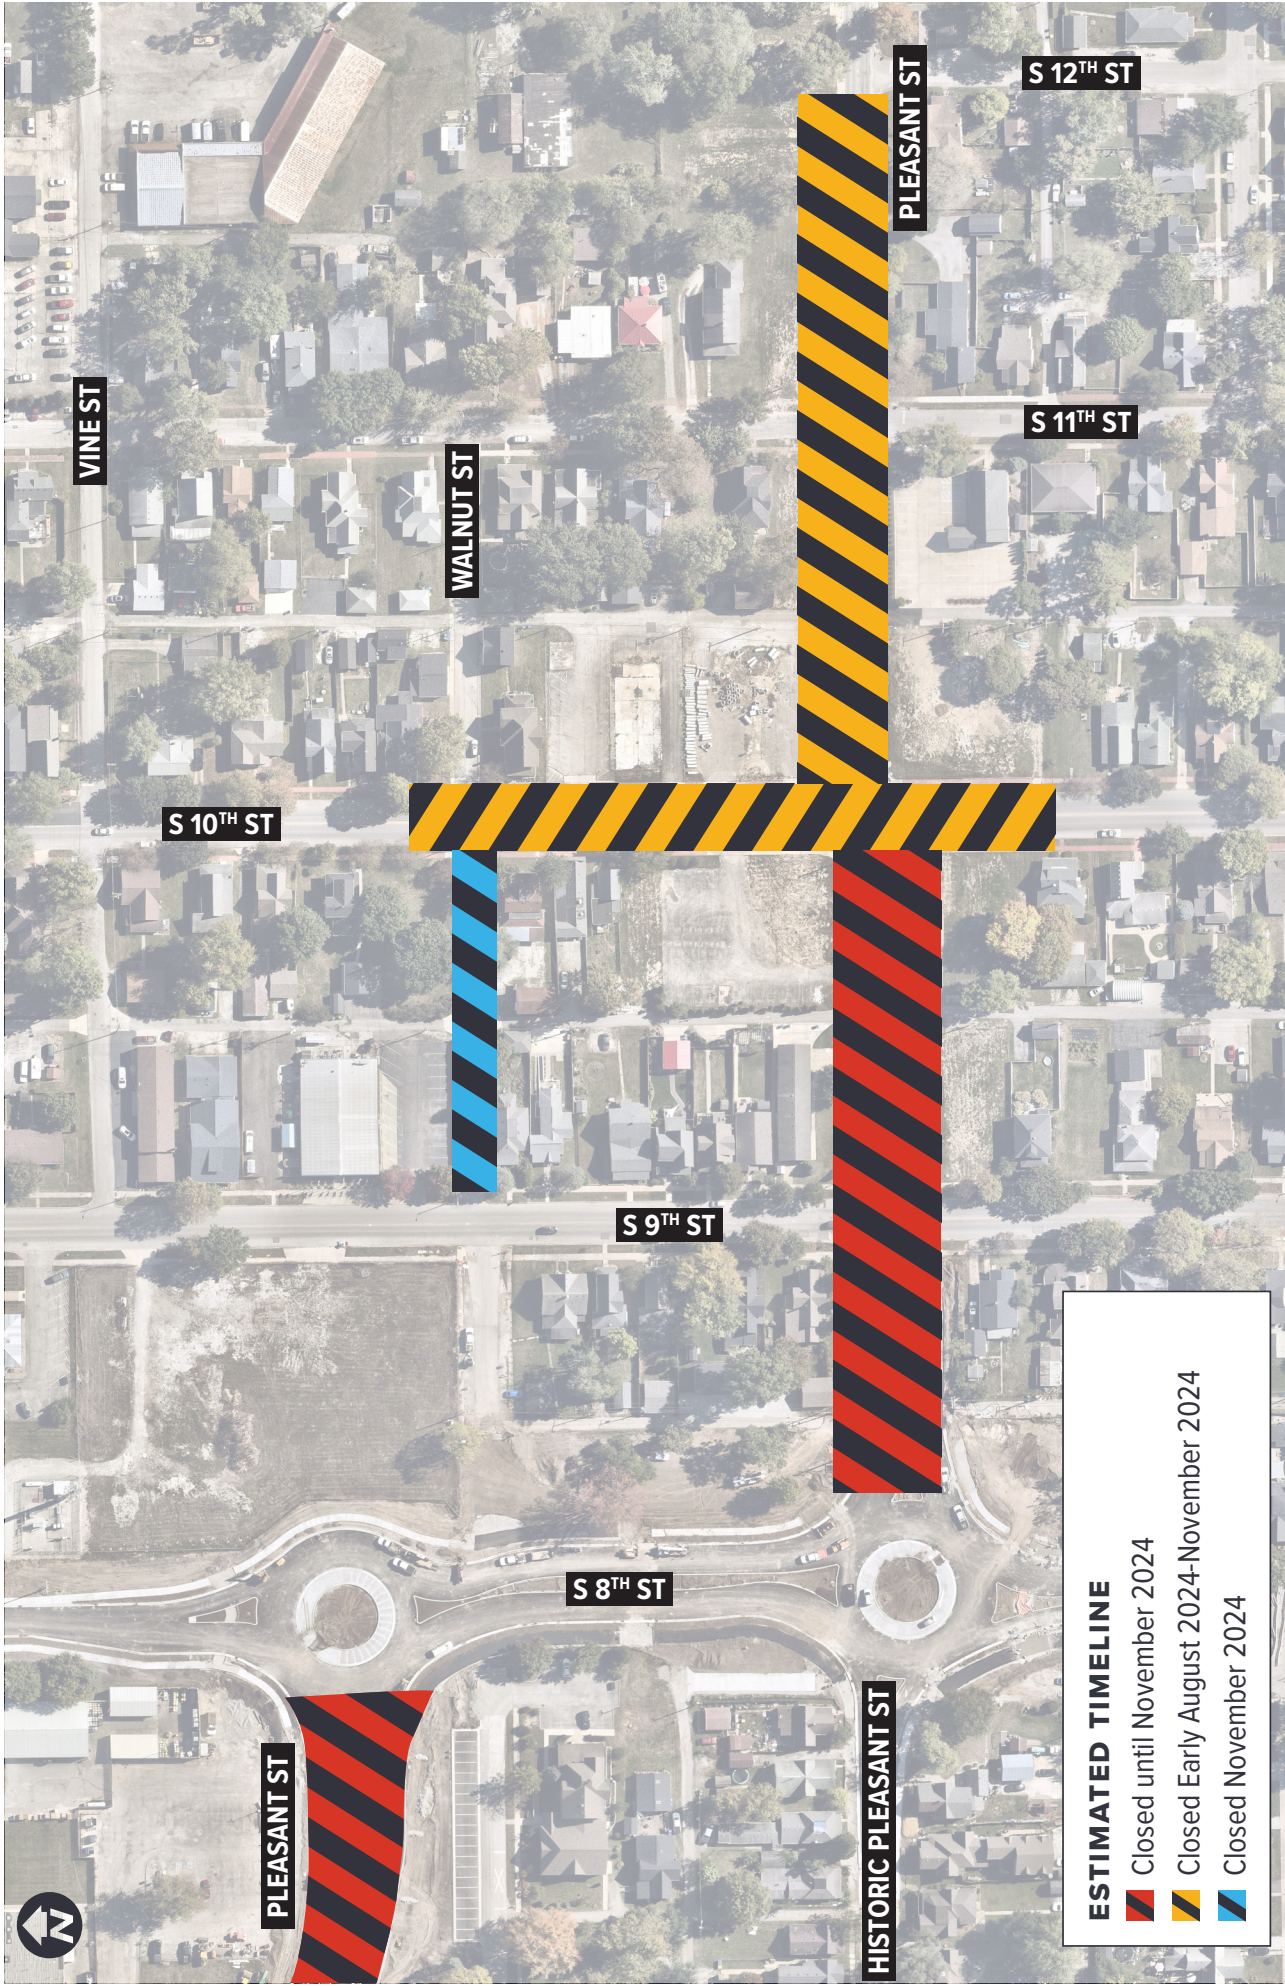

RECENT CONSTRUCTION ACTIVITY

Construction crews have been installing landscaping along the new Pleasant Street corridor and decorative railing on the new bridge. Work continues for the roundabout at River Road and Pleasant Street, and drivers should be aware of shifting traffic patterns. Crews have also been working along Pleasant Street between 8th and 10th streets in anticipation of the new roundabout at 10th Street and Pleasant Street. Pile driving operations for the new bridge over Cicero Creek have also begun.

As a reminder, this is an active construction site. We ask people to refrain from using the trails in the area and entering the construction zone.

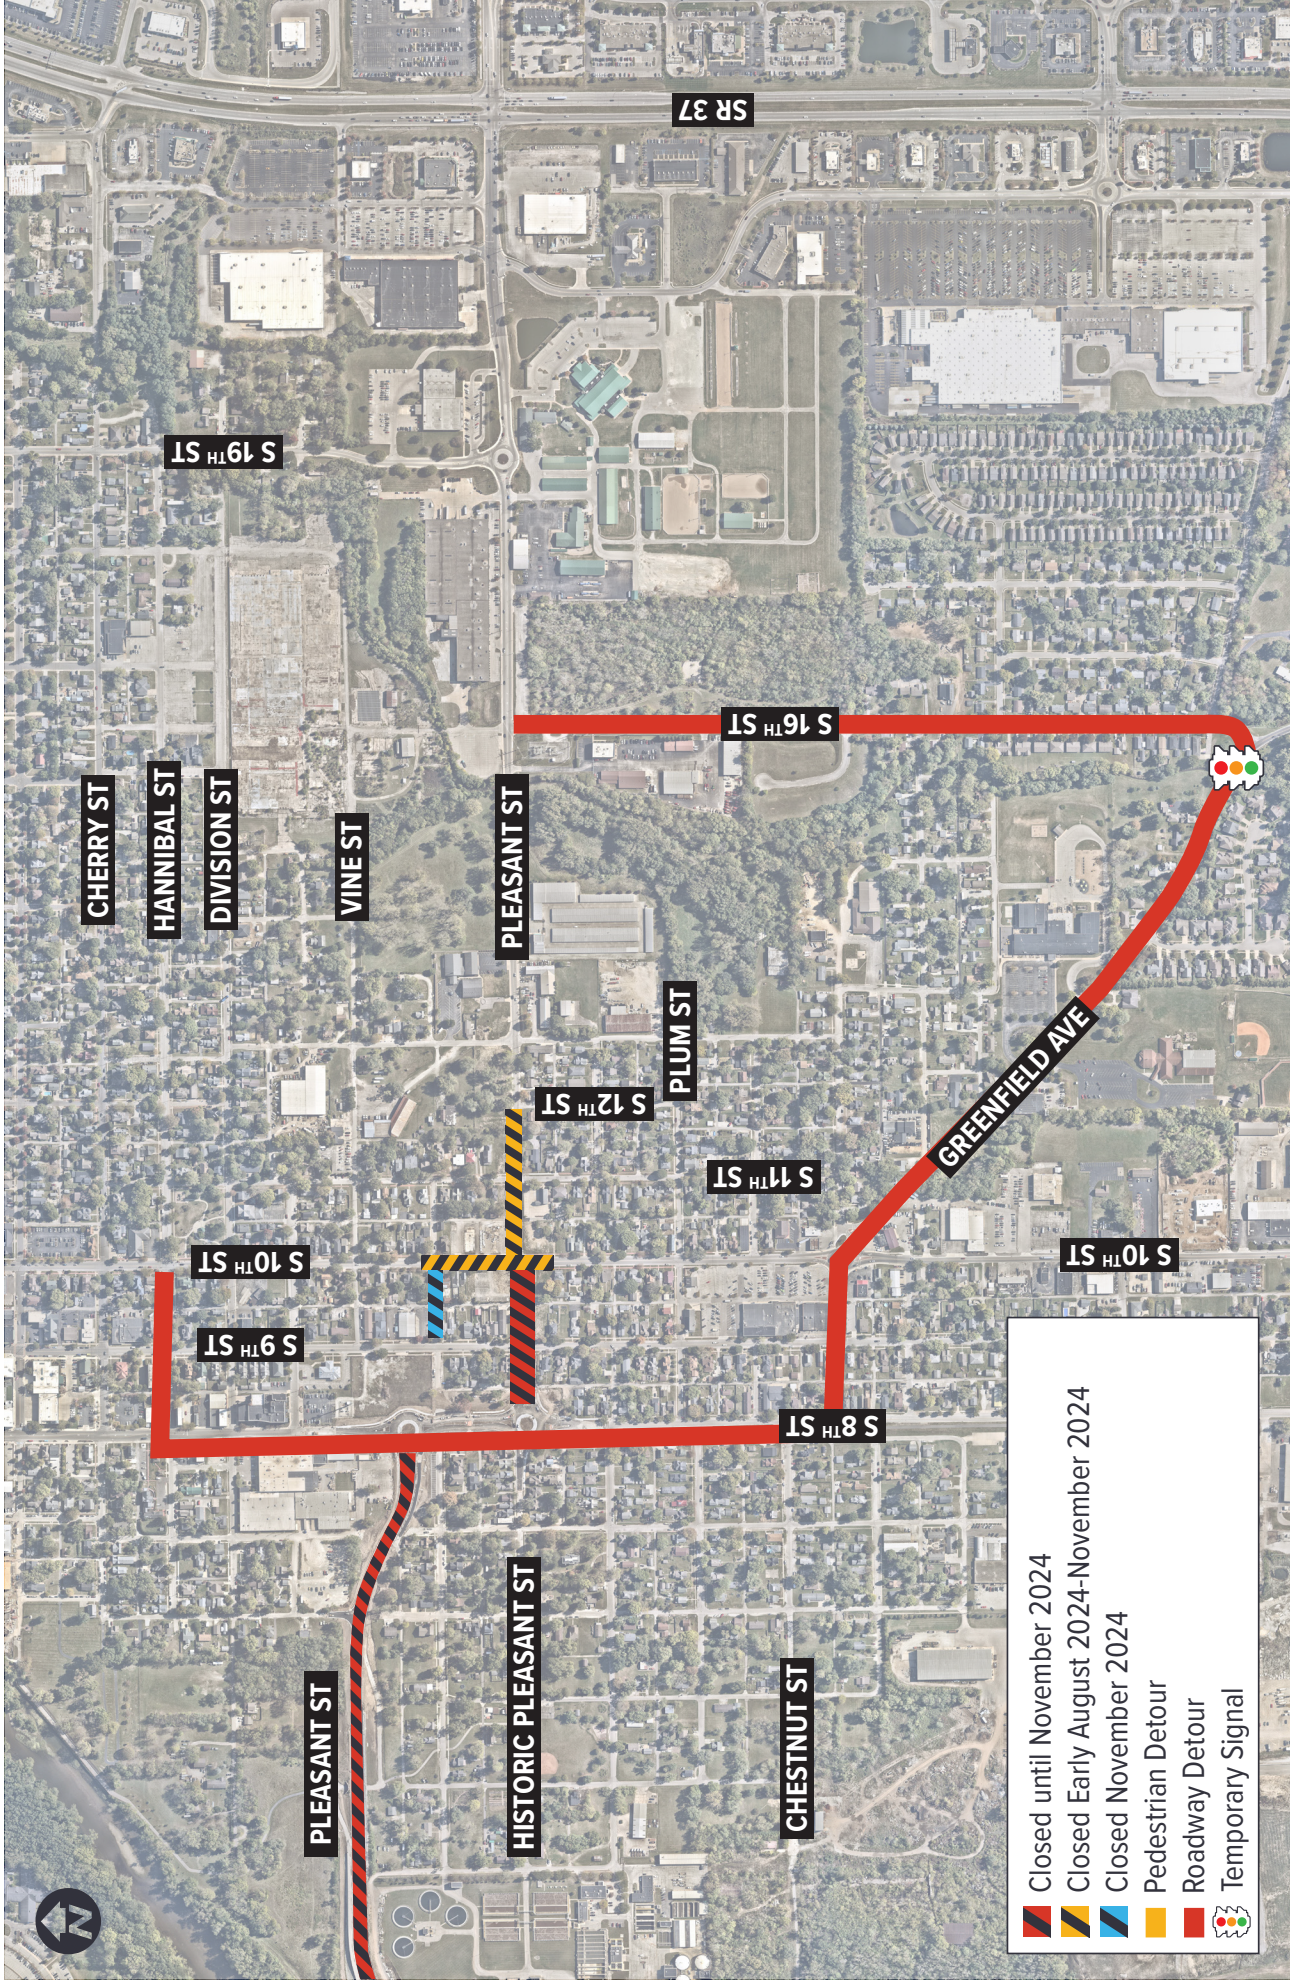

UPCOMING CONSTRUCTION WORK

Crews will begin working on the roundabout at the intersection of Pleasant Street and 10th Street. Since most of the utility work and relocation work was completed in 2023, construction is anticipated to last only three months. Construction of the new bridge over Cicero Creek has begun as part of Phase 3, and utility relocation has begun on Phase 2. Phase 1 of Reimagine Pleasant Street, which includes the area from River Road to 10th Street, will be open to traffic later this year!

ESTIMATED TIMELINE

-  Closed until November 2024
-  Closed Early August 2024-November 2024
-  Closed November 2024

PHASE 1 DETOUR ROUTES

UPDATED JULY 2024

Subject to change

- Closed until November 2024
- Closed Early August 2024-November 2024
- Closed November 2024
- Pedestrian Detour
- Roadway Detour
- Temporary Signal
